PVRC NEWSLETTER - DECEMBER 2001

PVRC CENTRAL CHRISTMAS PARTY IS/WAS ON MONDAY DECEMBER 10TH.

In the event this issue arrives before the 10th; details follow the SCORES on pg 5. (At the end of the electronic edition.)

2001 SWEEPSTAKES AWARD NEWS

Congratulations to everyone who contributed to the massive PRC effort in this year's Sweepstakes. With the log deadlines still weeks away, our preliminary totals have already far surpassed SMC's winning effort last year. Will it be enough? We'll find out, but in the meantime it's time to give out the intra-club awards that were described in the October Newsletter.

For some of the awards N4ZR needs help, because figuring out who qualified isn't obvious from score reporting alone. In some regions, we understand region chairmen are already collecting and organizing their members' information to make a joint submission, which is fine, but in others it'll be up to you. Check with your region chairman if in doubt.

If you were a first-time contributor to the club score in Sweepstakes, or if you want to be considered for the Top Comeback Award (best CW and phone scores

by operator(s) who haven't contributed a score since 1995 or before), N4ZR needs to hear from you, because looking through 5 or more years of SS results

to determine who \*isn't\* there isn't practical. Similarly, if you didn't report your operating time to W2GG, Pete needs to hear from you in order to determine which level of the PRC Live Wire Award you qualified for. E-mail him at [\[email protected\]](#) or send USPS mail to him at Rt. 1, Box 459, Kearneysville, WV 25430.

## BEEZER CHRISTMAS DINNER ANNOUNCEMENT by Bob Lutz, W2BZR

The time is drawing near again for the ninth annual "BEEZER" Christmas dinner  
at Madison's Steak & Seafood (formerly the Cuckoo's Nest) 3333 Olney-Sandy  
Sandy  
Springs Road (Rt 108), Olney, MD.

The date is Wednesday, December 19th with arrival around 6 PM and dinner  
at 7  
PM. There will be a cash bar.

Dishes at \$23.00 including tax and tip are: Broiled filet of flounder, Jumbo  
fried shrimp, Sauteed chicken marsala, Fried seafood combination (shrimp,  
haddock, oysters, and backfin crabcake), Baked stuffed flounder, and New  
York  
strip steak (10 oz). These are served with tossed salad, baked potato, coffee  
or tea and chocolate sundae, apple pie, or sherbet.

Dishes at \$28.00 including tax and tip which must be special ordered are:  
Prime rib (14 oz), Filet mignon (8 oz), and New York strip steak (16 oz).

A new policy is if you make a reservation and do not show up, you paid for the  
meal.

Please mark your calendars. Let's have a good showing and have a good  
social  
event. I need a head count and menu selection no later than 12/09/01.  
Please RSVP via packet or E-mail to W2BZR or [\[email protected\]](#)

## IMPROVEMENT OF THE NEWSLETTER DISTRIBUTION by Dick Wilder, K3DI

The distribution of the PVRC NEWSLETTER by the USPS has been erratic. I  
hope  
to improve the USPS service by asking for your help and then by improving  
my  
mailing preparation.

You can help by looking at the cover of this issue and let W2GG know of any  
changes in your mailing address even if, for now, the USPS seems to deliver  
your mail with an old zip code, without your apartment number, or without  
indicating you're on North whatever street. And, if you send Bob an address

change, please include the ZIP+4 (9-digit zip code), if known. We will catch any missing ZIP+4 codes from [www.usps.gov](http://www.usps.gov).

In preparation for this mailing, I borrowed the official club dBase-III file from Bob and upgraded some half of the records found with 5-digit so this entire mailing went out with only ZIP+4 codes. Various groups of Newsletter were rubber banded in bundles and labeled per USPS publications found on [www.usps.gov](http://www.usps.gov) and then placed into postal sorting trays that I take to the Post Office.

The following is some background which has motivated upgrading addresses and mailing preparations.

One of my frustrations is that my source of postal information, the Arnold PO who issues our postage imprint, has supplied little and sometimes wrong information to me over the years. I even had to go to another PO to get the colored bundle stickers. Though the postage rate will still be 25.3 cents for up to 3.3 ounces, improved handling can be expected.

My experience is that the USPS handles our PRSRT STD mail (formerly called bulk mail) with automation and bounces mail that the computer can't handle. An example of an inept computer algorithm is the rejection of Newsletter addressed in the form of:  
PO Box 73, 88 HAM ST,  
HOMETOWN, MD 21111-0073

The computer rejected this by application two postal rules. (1) Both the PO Box and Street may be given but delivery will be the address closest to the city. (2) The ZIP code and address must agree.

The rejection was because 0073 was not the correct ZIP for 88 HAM ST; 0073 was actually was ZIP code for the PO Box. If 88 HAM ST was deleted, it would have been delivered to the PO BOX. If 0073 was deleted, it would have been delivered to 88 HAM ST. Obviously, a human could have easily routed this piece of mail.

Another piece of mail was rejected because the apartment number was not given.  
It was a complex with four apartments in each building with all four boxes at

the same location. A human could have easily handled this piece.

About once a year, a Newsletter is rejected for no apparent reason. I then request that the clerk at Arnold to resend the Newsletter in an USPS postage free envelop. Dealing with the USPS and the PRSRT STD imprint is an ongoing frustrating experience.

Two unrelated notes are:

1. The data upgrading and development of an improved mailing preparation has caused this issue to go to the printer one week late.
2. The January issue will be one week late due to family holiday activity. I expect to take it to the printer on Monday, January 7th.

MINUTES OF PVRC MEETING IN VIENNA VA, OCTOBER 1, 2001, by Jack Hammett, K4VV

Participants: Brian N3OC, Rob ND3A, Jack N4RV, Roy W3TEF, Marty W3YOZ, Ed N3HXQ, Jim N3JT, Fred K3ZO, Hal W4RIM, Eric W3DQ, Clair AA4KD, Jack K4VV, and non-members Craig Kendall WA3RGH, Hal Kennedy N4GG, and Bill Scholtz W3HXF.

N3OC chaired the meeting with introductions, President's Report (including the N4ZR and K3MM developed incentive program for ARRL Sweepstakes, the rumored CAC change that would allow rectangular alternatives to the 175 mile circle for Club domains, the elections, the 12/10 Holiday Dinner, and the potential to volunteer in emergency efforts), elections, and discussions. Brian has reported the election results separately. Hal Kennedy N4GG was voted into membership. We discussed the 9/11 events and the various opportunities to volunteer our talents in support.

K4VV gave the considerations for choice of the Restaurant for the December 10 Holiday Dinner. ND3A had input from the recon he and Barry did. The group

concluded that we would return to the Olive Garden in Tysons Corner, looking forward to some improvements in seating this year. The choice was a "best compromise" one, considering cost, location, service, quality, etc.

W3DQ is on a new job at Iridium, thinking of antenna improvements to put DC into more logs, and gearing up for SS.

ND3A discussed matching up operators with available stations for SS and other contests; will work WW SSB at W3LPL; told us of the life and funeral of his mentor, W3HRD who was killed in the Pentagon on 9/11; and gave suggestions of several ways for us to volunteer.

N4RV is restoring and upgrading two station positions, with Marty K2PLF and others coming to operate WW SSB; his station may be available for CQ WW CW for a singly operator; he discussed PJ9B.

W3HXF discussed 432 MHz operations.

W4RIM described the truck mounted Ham station capabilities of the Mormon Church, often alerted for emergencies; he is a long time PVRC'r; his sponsor was W4KFC in '60 (upon return from Thailand); has an [\[email protected\]](#) 55 feet that Lenny Chertok gave him; is thinking of new antennas.

W3TEF from PA discussed battery options for portable use; his support to the upgrades that W3YOZ is making to the W3SO station and his operating there; he will work the PA QSO Party.

W3YOZ told of the upgrade to 432 MHz with 7/8 hardline on the packet links from his site to N1WR and K4JA; continues to improve the systems at W3SO in PA.

WA3RGH has a new QTH in Gaithersburg with attic antennas; was a founder of the Dulles ARC; is a fan of contesting.

N4GG (new member) did some contesting in the 80's; won the No Florida Section in the SS in CW and phone; operated the N4WW multi several times; moved

here

in '96; is building his station back up; operated All Asia (both modes) to check out; will upgrade radio; has deed restrictions; wrote a QST article to describe his modified Bobtails that give 3-4 dB.

K3ZO is repairing his prop pitch rotor on his big antennas and has repairs to make on both 80m and 20m beams; won North America both modes in a recent contest; has a backup now for the FT-1000 MP.

N3JT has moved to a new house in McLean; won US for the LZ contest; put up a Rohn SS tower at 75 feet, with W3MC helping; will install a Skyhawk and a two element 40m beam; used 36 tons of concrete.

N3HXQ is on a small lot with two C3S beams on a crankup; has been to AD3F with N3RR to help with a Trylon 72 foot tower; adding Inverted Vee.

AA4KD will be on SS both modes; operated MD-DC QSO Party.

K4VV operated the VHF contest at W3SO in September; hopes to operate SS from home; is looking for land for home and station; wants to make his station a plus for his neighbors.

N3OC is going to Antigua V26B for WW; is selling his place in Ocean City--busted by the homeowners association; looking for a new QTH in Md; is using Delorme Topo Quads for assessing terrain.

SWVA NOVEMBER MINUTES  
by Michael Barts, N4GU

The Southwest Virginia Chapter of PVRC met November 2, 2001 at Shoney's Restaurant in Salem, VA. In attendance were W4MAN, W0MAN, K1GG, N4GU, K4IQ, W4YE, KC9LC, K1SO, WM3T, and KF4OKG.

There was a lively discussion of the Field Day results. At least three different local clubs were represented at the meeting and all had good showings. W4YE promoted several 'handicapping' schemes to compare scores from

groups of different sizes and categories, all with the ultimate outcome that his Franklin County club bested the rest of us. The K4VPI group consisting mostly of PVRC members (N4EL, N4GU, and KF4YLM) scored a 5th in 2A-Battery.

The chapter was well represented in CQWW phone with activity from K1GG, K1SO, W4YE, N4GU, W4MAN, K4IQ and WM3T (+KF4OKG). W4YE and WM3T complained of lots of noise during the contest. K1GG commented on fading on 10m. WM3T complained about all the confusion his call causes. There are probably a number of stations that think they worked KM3T, YM3T, or M3T that will be surprised when the UBN results are run. Copy what you hear, not what MASTER.DAT says.

We beat the drums preparing for Sweepstakes. W4YE, K4IQ, K1GG, N4GU, and KC9LC plan to be active during cw SS (tomorrow!). All in attendance plan to be on for phone SS.

K1SO won an FT-100 at the Roanoke Hamfest back in August in a raffle. Jerry was complaining bitterly about having to buy an antenna so that he can go mobile. He received little sympathy.

W4YE announced that chapter member 5B4AFM/N1KH received a \$1000 scholarship from QCWA for this academic year, congratulations Stavros!

The next meeting of the Southwest Virginia chapter will be November 30, 6:00 PM at the Golden Corral restaurant in Roanoke.

SWVA CHAPTER MEETS AT ROANOKE HAMFEST  
by Jerry Haislip, K1SO

The SWVA chapter of PVRC met on August 4, 2001, at the Roanoke Valley Hamfest.

Members present at the Hamfest were, SWVA chapter Coordinator and Trustee of PVRC, John/K4IQ, members Buddy/W4YE, Mark/N2QT, Mike/N4GU, Anthony/WM3T, Randy/KC9LC (who was seen leaving the Hamfest with some nice old equipment), AB4YZ/Ray and K1SO/Jerry. Guest at the meeting was David/KK4WW from

Foundation for Amateur Radio Service (F.A.I.R.S.). David just returned from his trip operating as J79WW.

With all of the busy schedules of members this seemed to be a great place to hold the summer meeting. Contesting results were discussed concerning PVRC ARRL 10 meter event. The high placement of John/K4IQ in the 160 meter Contest and upcoming events.

Lots of the members of SWVA - PVRC chapter took part in their local Field Day events. WM3T/Anthony talked about the great scores on CW the Franklin County ARC had during the summer weekend. With CW ops like W4YE/Buddy, the scores had to be good! AB4YZ/Ray and Jerry/K1SO took part in the FD event of the Roanoke Valley ARC and felt the scores were somewhat higher than last year. It will be interesting to see just how the clubs did in the annual event.

The next meeting of the SWVA chapter was not set and information will be sent out by e-mail.

PVRC SOUTHERN MD REGIONAL MEETING by Barry Shapiro, WR3Z

The meeting was held on Monday November 5th at Adams Ribs in Prince Frederick, MD. In attendance were Barry WR3Z, Mark KD4D and XYL Elaine N3PQW, Bob KF3AA, Chuck N3WZR, Tom K3DSP, and Wayne N1WR.

WR3Z operated at W3LPL for CQWW Phone as one of the 40M ops. He also was part of the WR3L multi operation at WR3L for SS CW. Barry plans to single op at N1WR for SS Phone.

KD4D was part of the W3LPL CQWW Phone team as one of the 20M ops. Mark also gave SS CW a try for the first time in 14 years. Mark operated single op from the QTH of N3HBX and scored \$173K for PVRC. Mark will be operating at W3LPL and N3HBX for the upcoming contests.

KF3AA operated part of the CQWW Phone contest and has been very active with the DXCC chasing during off times.

N3WZR has gotten the contest bug back and is working his way back into operating some contests. He single oped CQWW Phone from the QTH of N1WR and scored 722K for the club. Chuck is working to put back together a station in Lusby, MD.

K3DSP has operated parts of all the major contests for PVRC. Tom has been successful in using a "semi permanent" heavy duty rocket launcher and a recent beam addition to provide scores for PVRC. These include 10K for a part time SS CW effort and 576K for CQWW Phone. Of note (and congrats) also go out to Tom - in approximately 2 years of DXing, Tom has received confirmation from 200 countries! Great job!

N1WR provided 127K for the club for SS CW and hosted N3WZR for CQWW Phone.

Wayne has been instrumental in setting up and providing maintenance for the packet backbone from W3LPL to K4JA via W3YOZ and N1WR. Wayne also has supported our local club in providing packet demonstrations as well as being the VE testing coordinator in Southern MD. Happy Holidays to all.

#### OTH LUNCH BUNCH MEETING by Ben Shaver, AA4XU

The monthly meeting of the PVRC Over-The-Hill Lunch Bunch was held at MainStreetUSA in Annandale, VA at Noon on Wednesday, November 28, 2001. The following PVRC members attended:

K6ETM, George Sinclair; K3ZO, Fred Laun; W3AZ, Bill Leavit; W3GN, Lawrence Fadner; and AA4XU, Ben Shaver.

The Group meets for lunch and discussion monthly, rotating place of meeting around the Beltway. The December meeting is omitted to avoid holiday conflicts. The January 2002 meeting will be held at the Holiday Inn, Route-1

and the Beltway, near College Park and Beltsville. The February 2002 meeting will be held in Oxon Hill, MD and the March 2002 meeting will be held in Annandale, VA.

For dates, times and travel directions telephone W3AZ Bill Leavit (301-292-5797) or E-mail AA4XU Ben Shaver ([\[email protected\]](#)). All PVRC members and their guests are welcome.

PVRC CENTRAL CHRISTMAS PARTY - DEC 10TH

I don't expect you'll receive this issue before the 10th.

This issue will go to the printer at 9:30 AM on Monday morning December 3rd and expected to be mailed late on the 6th or on the 7th. I will be surprised if you receive it by the 10th. But, just in case the USPS gives a Christmas present by providing us with SERVICE, here is the info for the party extracted from material from K4VV.

The Christmas Dinner will again be at the Olive Garden on Route 7 in Vienna again this year. The event is scheduled for Monday, December 10, 2001. We will begin to gather in the bar about 5:30 or 6:00 PM for the early arrivers, and migrate to the dinner area about 6:30 to 7:00 PM, and get seated and begin

ordering about 7:00 PM. The program will begin about 8 or 8:15 PM, featuring Awards and a speaker TBD.

To sign up please give me an email ([\[email protected\]](#)) or pass a packet message to N3OC. Let's talk up the dinner with our friends. Recall that family or other interested guests are welcome.
